6. Recreational / Instructional Guidelines

First we as a board would like to take this opportunity to thank you for volunteering to coach in our Recreational Soccer Program. We are spending a lot of time and energy in making sure that the rules, guidelines, and participation requirements not only meet United States Youth Soccer Guidelines, but will ensure the proper environment for all participants to be able to learn the skill development necessary to compete at the traveling age, develop the decision making ability necessary to compete at the traveling age, and most of all, to ENJOY THE GAME, so that they will want to reach the necessary levels to compete at the traveling age.

In order to accomplish this there are several things that **MUST** be observed and adhered to at all times in order to reach the level of training and healthy development of the individual player and team. Please remember that these rules and guidelines exist for a reason and will be strictly enforced. The number one priority of this club will be to protect the child, and develop the child through healthy competition, and leadership, while preparing them for the competitive atmosphere which begins at the traveling ages.

Please remember that attitude reflects leadership. If you are prepared and ready to go for practice and your matches, then your players and parents will be as well. Please remember to be professional, controlled and prepared. Our job at this level is to train these young players in the basics, and groom them to be able to **MAKE DECISIONS** on their own, apart from coaching or parental interference.

It will be the responsibility of each coach to *parent the parents, police the parents,* and *educate the parents* on the rules of the match, and **THEIR BEHAVIOR AS ADULTS IN SUPPORTING AND ENCOURAGING THEIR CHILDREN**. This will be better accomplished if you as the coach and trainer not only understand these concepts, but put them into practice.

Coaches and parents deemed to be out of control or habitually violating the match rules and regulations as well as the guidelines set forth by the governing body of this Soccer Club, will be subject to disciplinary action by the Head Coach of the club as well as the grievance committee if one is deemed necessary to convene.

Please remember that your actions not only represent the club as a whole, but you as the individual coach responsible for training young athletes not only in the rules of the match, but to being sportsman as well.

Parents trust their children to you for training purposes and influence. You will have Professional Trainers at your disposal as well as Professional Training Organizations. Please use them, ask questions, and do not be afraid to learn! Please also remember that the number one objective of youth soccer is to build a healthy athlete, not afraid of making mistakes, and one that has fun and is able to compete at the higher levels of the match where competition becomes much more intense, greater and stronger. We as the Recreational Soccer Coaches provide the necessary foundation for this purpose!

We as a board greatly appreciate your time and your attitude in volunteering. We are very much looking forward to working with you to create a positive environment where the youth soccer player can learn, grow, mature and develop into the competitive player within his or her capability.

PREPARATION/RESPONSIBILITIES

- Shin Guards are required for every player. Refs will make a check before the match to ensure all players are wearing shin guards.
- Coaches should arrive at the Practice sessions 15 minutes prior to the start times for your meeting with the trainer so you can review the session and ask questions.
- Have your team at the field 15 minutes prior to the start time for each match. Matches starting 10 minutes after the scheduled time will have that time subtracted from their match time.
- You are expected to obtain Volunteers from your team to man the snack stand during your scheduled hour. Lack of participation will result in the Snack Stand being closed during matches.
- Matches will only be allowed to be rescheduled for a valid reason or if there will not be enough players to field a team. All changes must be approved by the head of the Rec program

SESSION PLANS

- Each coach is going to be given a session plan for Warm ups, and set pieces, (corner kicks, and goal kicks). Session plans for throw in's will also be made available to any coach that requests them.
- Each coach will also receive a practice script outlining the skill progression and development for each age group. It will have warm up suggestions and times, the skill of the day requirements, and scrimmaging time. Since instructional teams practice for 1 hour it will be a 50 – 55 minute script that can help the coach better coach their team and practice.
- Coaches Clinics will become available to help each coach understand what the game of soccer "looks like" and what each coach can do to help coach their team. These clinics as well as the scripts, session plans, manuals and diagrams, help the soccer "novice" to be more comfortable and confident in his/her ability to help train the players they have volunteered to coach.

Section X. Grievance Policy

We at Lacey Soccer Club have maintained a consistent policy when dealing with the day to day running of any Lacey Soccer Club team. The Lacey Soccer Club Executive Board entrusts a team to a coaching staff and then allows them to run the team. We oversee all our teams to ensure that they follow the guidelines and policies of the club but our day to day involvement is minimal. We only deviate from this policy when the team either violates club policies and bylaws or some sort of situation is brought to our attention through phone calls or emails. We may receive several emails dealing with what parents feel are problems or issues with the team. Some of them may be very general. Terms such as "we are not getting better" or "we are not playing well" need to become more specific in order to deal with them. Please be specific in your complaint so that we can effectively consider the complaint and choose the proper course of action to follow.

Before any complaints are accepted we ask that you please go to the coach of the team or the parent with which you have the complaint and try to work it out with them. If this fails or is not considered plausible please put that into the body of the complaint.

The following are the guidelines used to issue a complaint with the Lacey Soccer Club Head Coach/Grievance committee.

Policy Guidelines

The job of the Head Coach and the Grievance Committee will be to gain an understanding of what the primary concern of the alleged complaint is so that we can properly address each area of concern.

- The Head Coach of the Club will name someone with the approval of the President to help him screen all complaints coming in by email or phone.
- A phone and email contact will be provided on the club web page to screen the complaints or grievances.
- All complaints will be logged as either Unfounded, General or Serious complaint.
- All Complainants must allow at least 5 business days, pending the severity of the complaint, to respond. Serious complaints will be responded to as a priority over all others

- The appointed Contact person will screen the complaints and send them to the proper department. (8 v 8 Vice President., or the 11 v 11 Vice President)
- Complaints about team systems, playing time, practicing times, training, and other “team and coaching philosophy issues” will be forwarded immediately to the 8 v 8 and 11 v 11 vice presidents to resolve with the appropriate Head Coach of the Age Group.
- Complaints as to harassment (verbal or email), bullying, degrading of players, police involvement, and coaches behavioral misconduct will be forwarded to the Head Coach of the Club.
- The Head Coach of the Club will investigate the matter, and with the approval of the league President , convene a grievance committee (for members of this committee see bylaws)
- Upon completion of the incident, the results will be forwarded to the head of the Trustees.
- The responsible party handling the complaint will inform the coach or parents involved. If the 8 v 8 Vice President, the 11 v 11 Vice President or Head Coach deem it necessary to meet with the team, its parents, and/or its coaches, they can request this of the Head coach and President of the Club.
- If this is deemed necessary hopefully, all concerns (both coaches and parents concerns) can be discussed, worked through and rectified at this meeting.
- Follow-up Meetings will be scheduled if needed and/or desired.

During the phone calls and subsequent meetings, we ask that everyone keep in mind that we are all volunteers, and as such we have responsibility to govern this organization according to U.S.Y.S., and N.J.Y.S. policy and guidelines.

Please be thorough and cover all areas of your complaint so that nothing can be overlooked. When writing your complaint please remember that the coaching staff of the teams being fielded by this club are VOLUNTEERS! We as a club will do everything we can to train, educate, and prepare our coaches to properly train and handle the age groups they are dealing with. Please also remember that we are all human. While certain behaviors will not, and cannot be tolerated by this club, we must always remember the human element of the coaches, parents and children involved. Each coach in our club devotes countless hours working on practice plans, game strategies, coaching techniques and training sessions. Please show them the respect they all deserve when discussing what you perceive as problems on a team

Lastly, everyone will be assured that the details of all discussion will remain anonymous and confidential. No one will know the exact nature of your comments other than the approved personnel and the parties involved. We also ask that all complaints be forwarded with confidentiality in mind. Please include your name and phone number with the complaint and do not to discuss this problem with anyone but those handling the problem.

It is the goal, and aim of the board that all issues can be resolved amicably and without further incident. That is the main objective of the Head Coach, the Executive Board, and the Grievance committee when resolving any conflict that requires our involvement.
